

Python

A quickstart into the key concepts of programming

Additional (Python) trainings

... keep learning

- Learning is a life-long endeavor
- We have (not even?) touched the surface of Python language
- But, learning opportunities are endless
- Enormous books/blogs/channels/MOOCs/YouTube films ...
- VSC and EuroHPC also offer more advanced Python trainings
- The VSC training catalog: <https://vscentrum.be/training>
- Massive Python examples:
<https://github.com/gjbex/training-material/tree/master/Python>
- (Python and more) learning track:
<https://gjbex.github.io/Training-sessions/>
